REMARKS

The attached reflects action directed toward the PSI interest in revision of EO 12036. Unless the NFIB sends it back for another look by IC members, it is too late to effect change. However, we have the attention of OGC and the unofficial opinion that current restrictions can be relaxed is encouraging.

You may wish to forward the attached to Win. I don't know if this was distributed to SECOM members for information or as an action item.

1-2 FYI. Please return to they for eventual follow-up action on the SAG issue.
